Dear Sir or Madam:

I am enclosing forms for a second time requesting that the downgrading from generator to conditionally exempt small quantity generator for our Floyd and Nulex facility. I previously filed these forms in July of 2001. Apparently nothing has been done to change the status of these facilities because I continue to get requests for information pertaining to a large quantity generator. Neither of these facilities has disposal of hazardous waste above the CESQG limits (they only have parts washers and/or small amounts of any other material). Your assistance is greatly appreciated.

Sincerely,

Lynn Richardson
